Websites to Practice Your Frontend Skills

 JavaScript Mastery

Frontend Mentor

 <http://frontendmentor.io>

Real-world coding challenges for web devs with a supportive community for feedback.

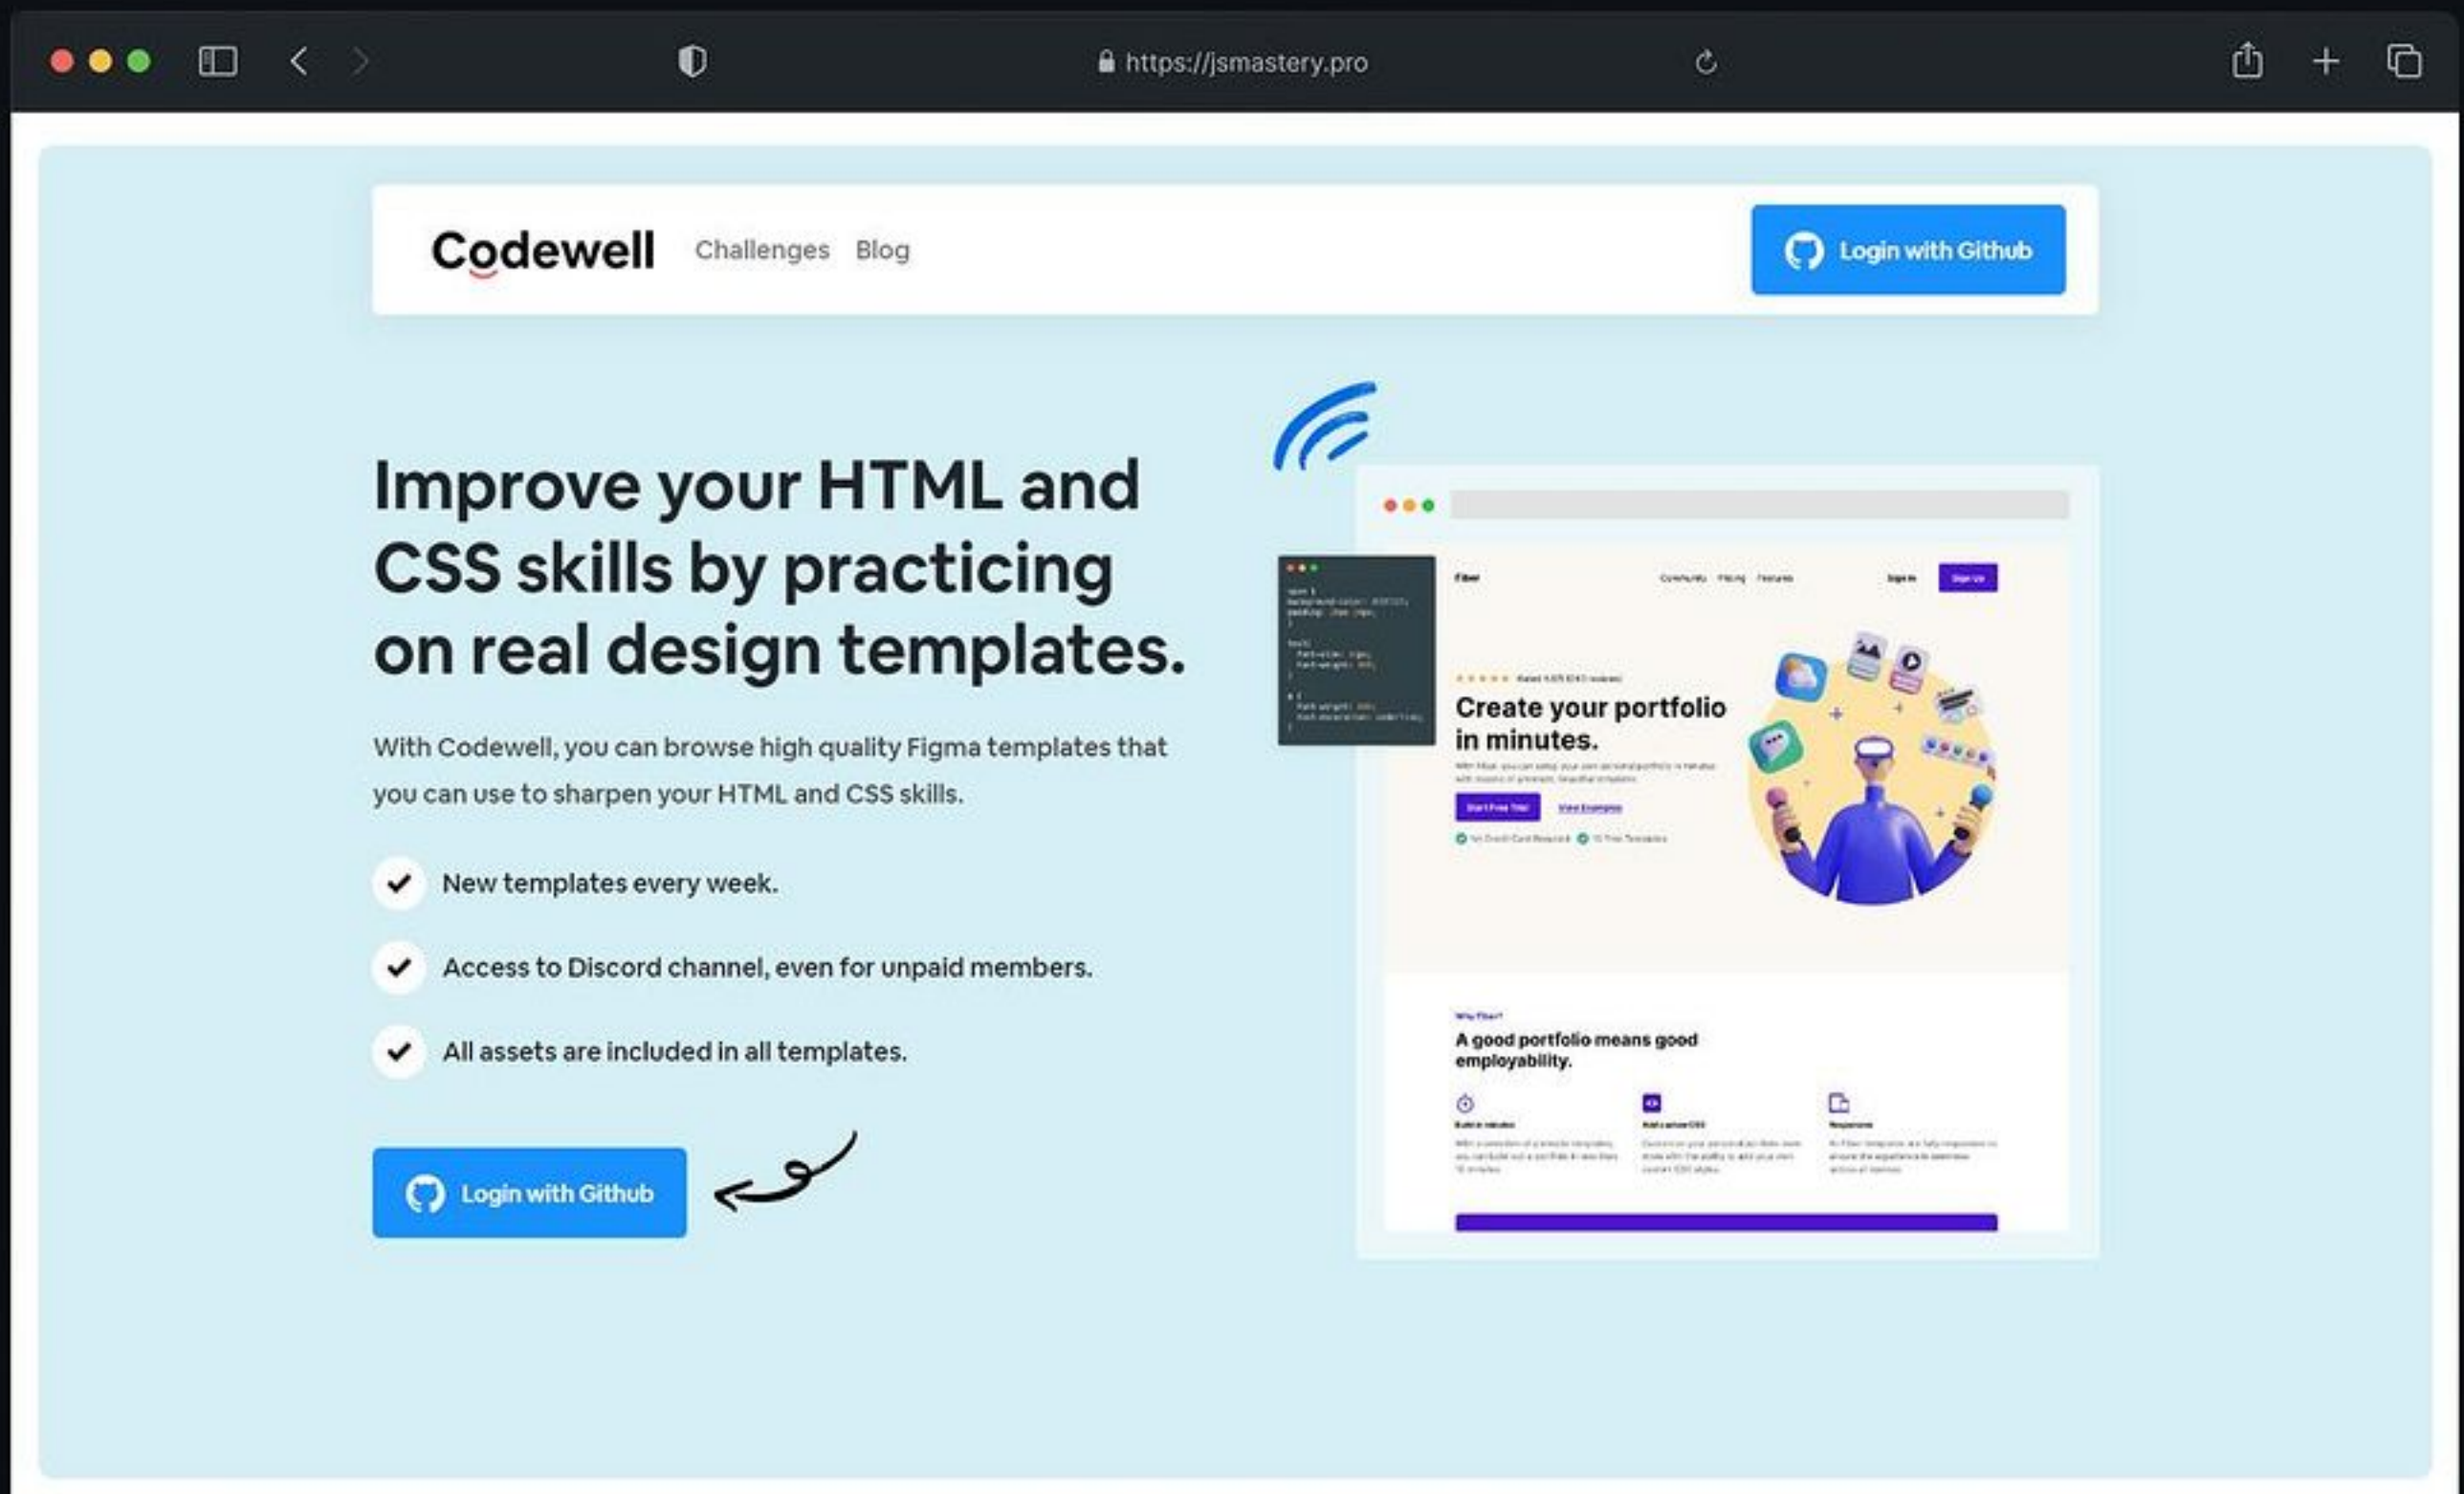

The screenshot shows the Frontend Mentor website in a browser. The browser's address bar displays <https://jsmastery.pro>. The website's header includes the Frontend Mentor logo, navigation links for CHALLENGES, SOLUTIONS, ARTICLES, RESOURCES, and UNLOCK PRO, and a button to LOG IN WITH GITHUB. The main content area features the headline "Improve your coding skills by building realistic projects" and a subtext: "Our professionally designed challenges help you gain hands-on experience writing HTML, CSS, and JavaScript. We create the designs so you can focus on the code and see your skills skyrocket!". Below this is another LOG IN WITH GITHUB button. A section on the left shows a group of developer avatars and the text "Join 757,257 developers building projects, reviewing code, and helping each other improve." On the right, there are three overlapping images: a smartphone displaying a mobile version of a website, a desktop monitor showing a desktop version of the same website, and a code editor displaying the HTML and CSS code for the website.

Codewell

 <http://codewell.cc>

Hands-on coding projects focusing on HTML, CSS, and JavaScript.

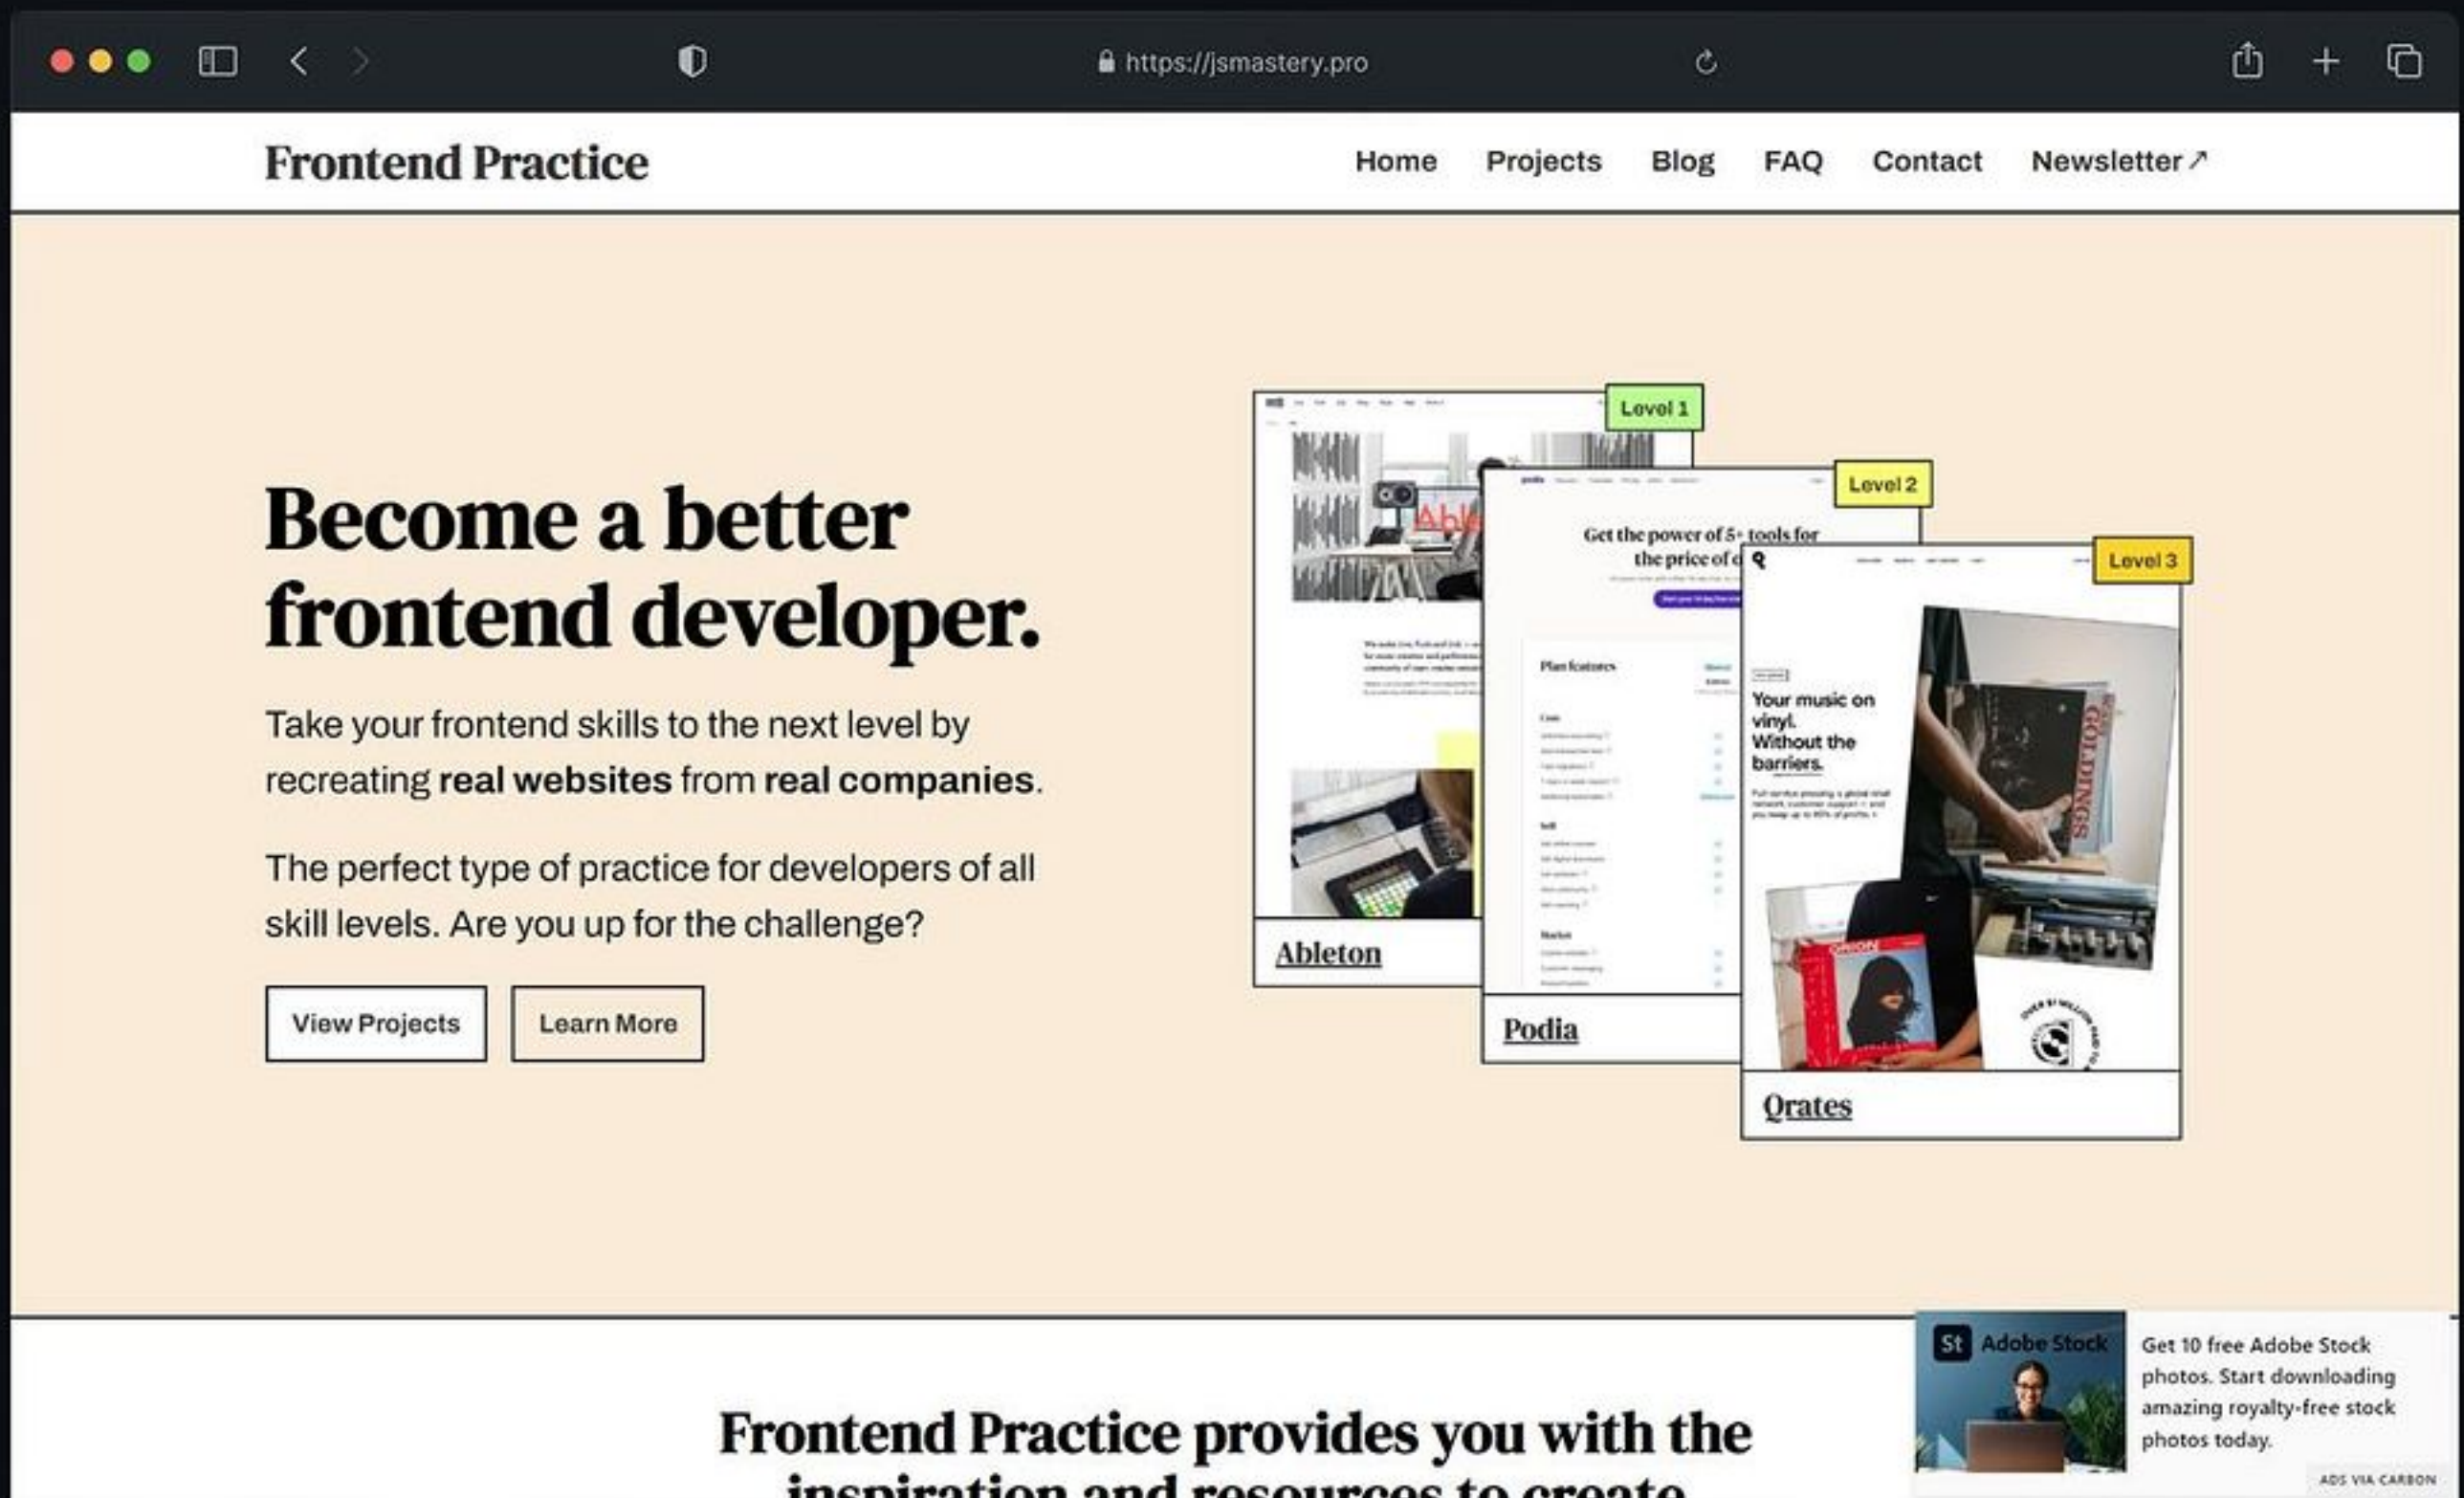

The screenshot shows the Codewell website interface. At the top, there's a navigation bar with the Codewell logo, links for 'Challenges' and 'Blog', and a 'Login with Github' button. The main content area features a large heading: 'Improve your HTML and CSS skills by practicing on real design templates.' Below this, a subtext states: 'With Codewell, you can browse high quality Figma templates that you can use to sharpen your HTML and CSS skills.' A list of three bullet points follows: '✓ New templates every week.', '✓ Access to Discord channel, even for unpaid members.', and '✓ All assets are included in all templates.' At the bottom left of this section is another 'Login with Github' button, with a hand-drawn arrow pointing to it. To the right, there's a preview of a portfolio template with the heading 'Create your portfolio in minutes.' and a subtext: 'With Figma, you can build your own portfolio in minutes with hundreds of premium, beautiful templates.' Below this, there's a section titled 'Why Figma?' with three sub-points: 'A good portfolio means good employability.', 'Build a website', 'Build a career', and 'Build a portfolio'.

Frontend Practice

 <http://frontendpractice.com>

Website with practical coding exercises for front-end development.

The screenshot shows the Frontend Practice website interface. At the top is a navigation bar with links: Home, Projects, Blog, FAQ, Contact, and Newsletter. The main content area has a light orange background. On the left, a large heading reads "Become a better frontend developer." followed by a subtext: "Take your frontend skills to the next level by recreating real websites from real companies." Below this is another line of text: "The perfect type of practice for developers of all skill levels. Are you up for the challenge?" Two buttons, "View Projects" and "Learn More", are positioned below the text. On the right, there is a visual representation of the practice levels, showing three overlapping website mockups labeled "Level 1", "Level 2", and "Level 3". The mockups are for Ableton, Podia, and Orates. At the bottom of the page, there is a footer with the text "Frontend Practice provides you with the inspiration and resources to create" and an advertisement for Adobe Stock.

Dev Challenges

 <http://devchallenges.io>

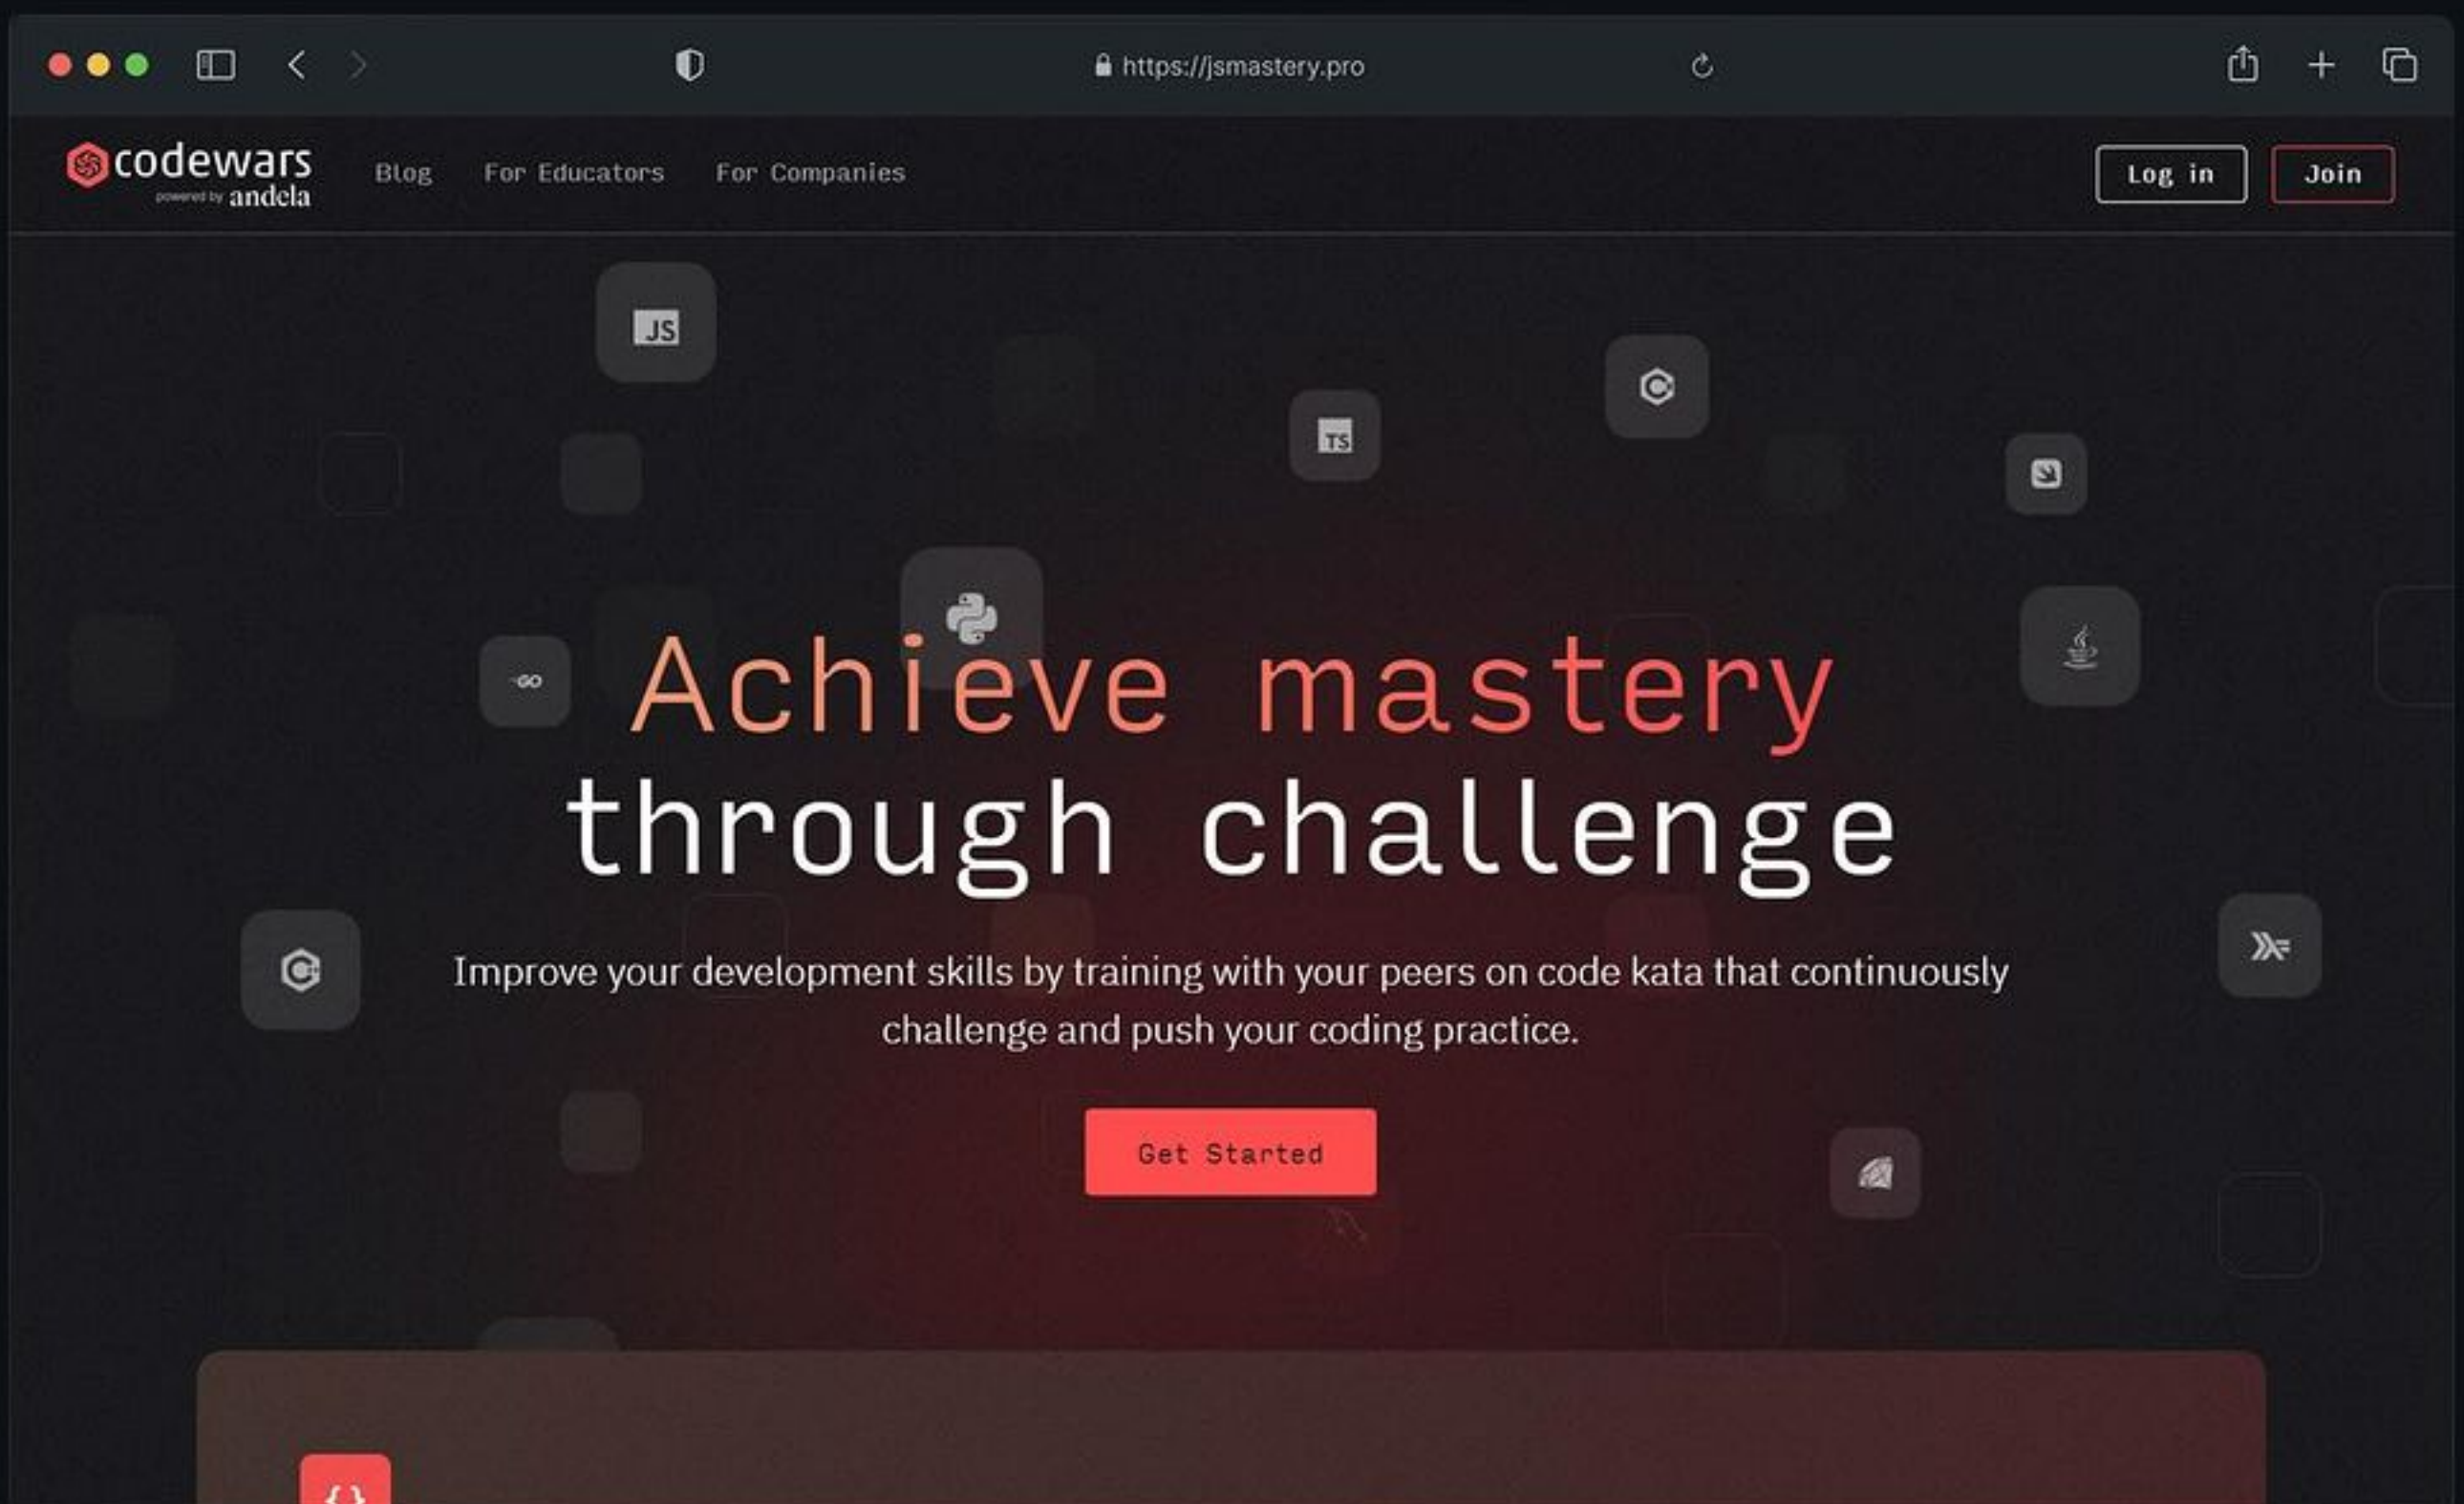

Platform with coding challenges to improve skills across various technologies.

Codewars

 <http://codewars.com>

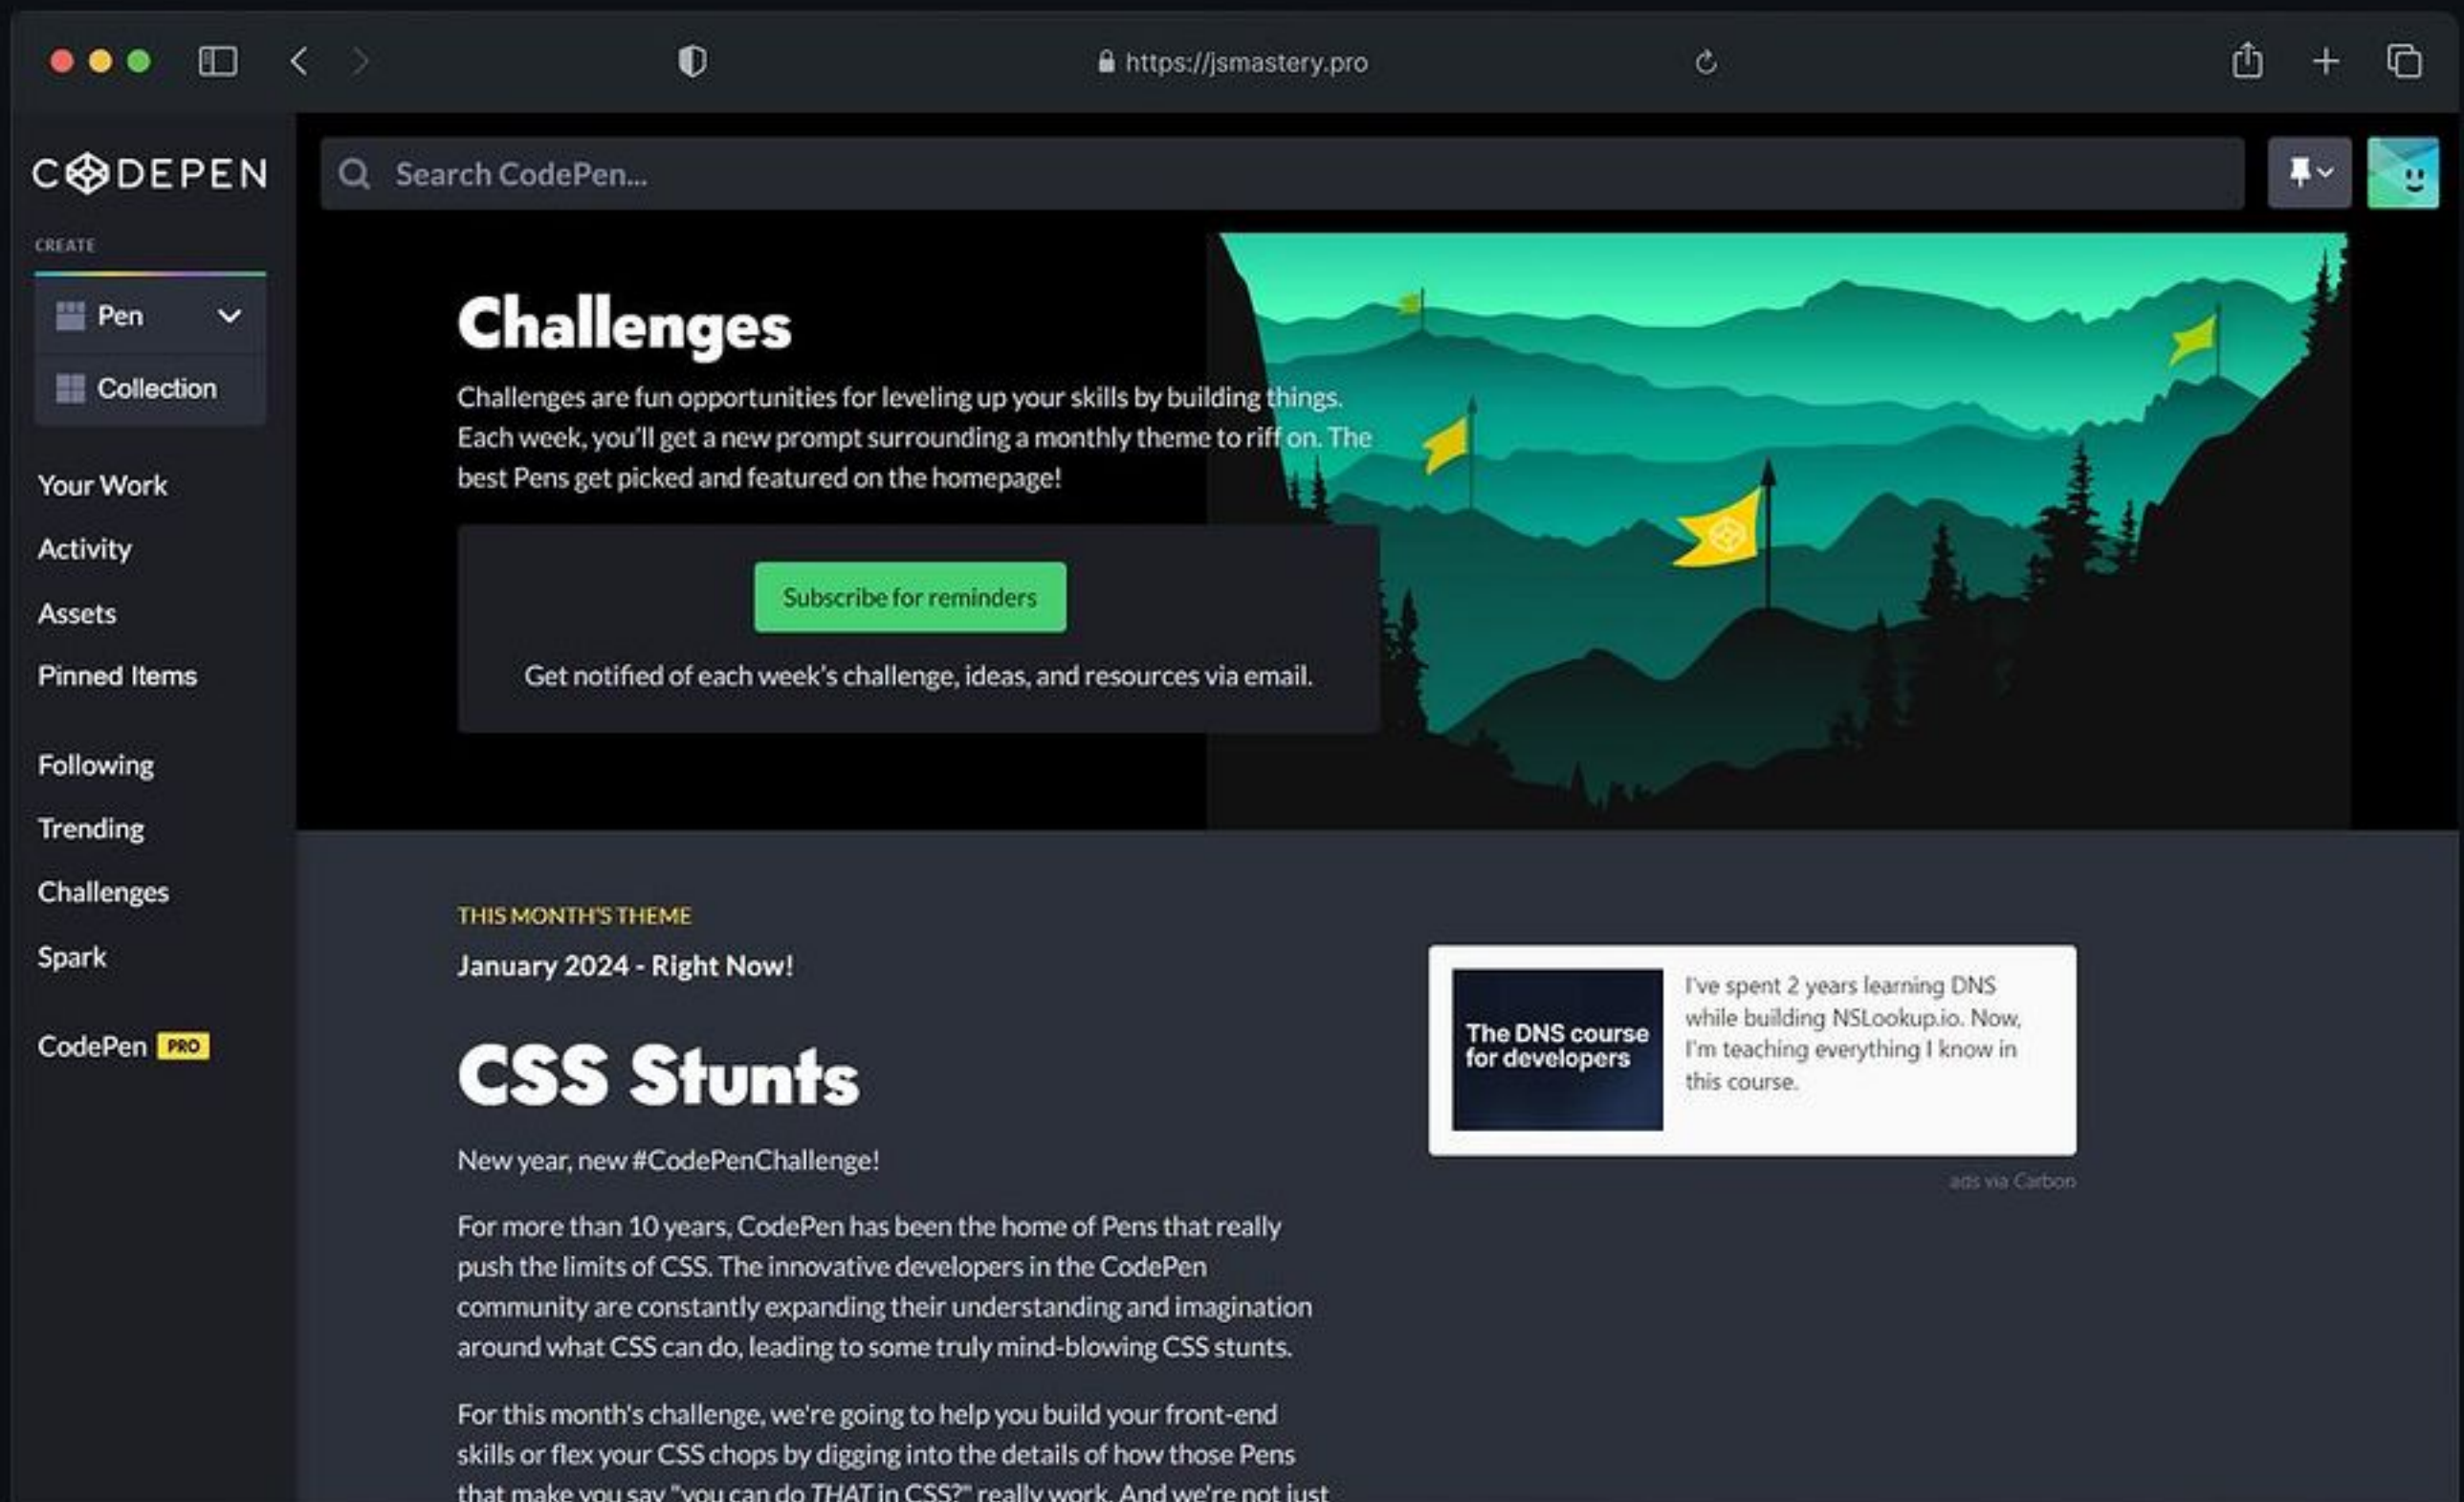

Gamified coding platform with "kata" challenges in multiple languages.

CodePen Challenges

 <http://codepen.io/challenges>

CodePen's challenges section providing creative coding prompts.

The screenshot shows the CodePen website's 'Challenges' section. The browser's address bar displays 'https://jsmastery.pro'. The CodePen logo is in the top left, and a search bar is at the top center. On the left sidebar, there are links for 'Your Work', 'Activity', 'Assets', 'Pinned Items', 'Following', 'Trending', 'Challenges', and 'Spark'. The main content area features a large 'Challenges' header with a description: 'Challenges are fun opportunities for leveling up your skills by building things. Each week, you'll get a new prompt surrounding a monthly theme to riff on. The best Pens get picked and featured on the homepage!'. Below this is a green 'Subscribe for reminders' button and a text prompt: 'Get notified of each week's challenge, ideas, and resources via email.' To the right is a scenic illustration of mountains with yellow flags. Further down, the 'THIS MONTH'S THEME' is 'January 2024 - Right Now!'. Below that is the 'CSS Stunts' section, which includes the text: 'New year, new #CodePenChallenge!', 'For more than 10 years, CodePen has been the home of Pens that really push the limits of CSS. The innovative developers in the CodePen community are constantly expanding their understanding and imagination around what CSS can do, leading to some truly mind-blowing CSS stunts.', and 'For this month's challenge, we're going to help you build your front-end skills or flex your CSS chops by digging into the details of how those Pens that make you say "you can do THAT in CSS?" really work. And we're not just'. On the right side of the 'CSS Stunts' section, there is an advertisement for 'The DNS course for developers' with the text: 'I've spent 2 years learning DNS while building NSLookup.io. Now, I'm teaching everything I know in this course.'

JavaScript30

 <http://javascript30.com>

Online resource with 30 JavaScript projects for daily practice.

The screenshot shows the landing page of the JavaScript30 challenge. The background is a dark, starry night sky with silhouettes of trees. The main title "#JAVASCRIPT30" is written in a large, stylized font, with "JAVASCRIPT" in white and "30" in yellow. Below the title, the text "30 DAY VANILLA JS CODING CHALLENGE" is displayed in yellow and white. Further down, it says "BUILD 30 THINGS IN 30 DAYS WITH 30 TUTORIALS" and "NO FRAMEWORKS × NO COMPILERS × NO LIBRARIES × NO BOILERPLATE". At the bottom, there is a white box with a sign-up form. On the left of the box, it says "\$0⁰⁰ FREE". The form has the heading "START THE CHALLENGE TODAY!" and includes an "Email Address" input field, a "Join 639,109 Others" button, and a checkbox for "I agree to the Terms and Privacy Policy". To the right of the form, under the heading "What You'll Get", there is a list of benefits: "Instant Access to all 30 videos", "30 days of Starter Files", and "Completed HTML, CSS and JS Solutions for each day". At the bottom of the white box, it says "SIGN UP TO GET IMMEDIATE ACCESS TO THE COURSE DASHBOARD" and "YOU'LL GET ALL 30 DAYS AT ONCE SO YOU CAN BINGE WATCH NETFLIX STYLE". A "Privacy - Terms" link is visible in the bottom right corner of the white box.
